

A Double Pass to the Movies!

Here at the Hepatitis Council of QLD we are currently reviewing and updating the Box Project. Some of you may have done training with the Box Project before, for those of you that aren't as familiar with it, the Box Project is:

“a training and education resource aimed to increase the skills of health care workers and members of the general community to deal with the various issues experienced by people diagnosed with, or at risk of, viral hepatitis”

Basically, it is a training and education resource that is delivered over one or two days, and covers all aspects of viral hepatitis – from prevention and reducing transmission; to discrimination; to disclosure and confidentiality; to support and workforce development; and much more.

What do we want **you** to do to help? The Box Project needs a new name! The name can be anything to do with hepatitis (A, B and C), education, training, Queensland, health... whatever you like really. So let your creativity begin and get your ideas in to us! One entry will be chosen at random to receive the double movie pass.

Send your ideas to:

nicola@hepqld.asn.au before August 11th

(remember to put your contact details in so we can send out the movie tickets if your name is drawn)

If you have done the Box Project training before and have any ideas or comments on changes you would like to see, please drop me a line and let me know (or phone on 3238 5710). We want the new Box Project to be the best it can be, so all input is most welcome.

Conditions of entry: all entries received by the Hepatitis Council of Queensland become the property of that Council. Selection of any name to be used for the Box Project and/or products produced by the Council is at the sole discretion of the Board of the Hepatitis Council of Queensland, and no other claim or correspondence will be acknowledged by Council.
